HOUSE OF INDUSTRY

SEVENTY-FOURTH ANNUAL REPORT OF THE BOARD OF MANAGEMENT, 1910-1911.

“Blessed is he that considereth the poor.”

INMATES.

The number of inmates, 329; cost of inmates, \$12,637.27; 22 2-5 cents per day per individual.

The daily average number of inmates in the House was 155.

Respecting the ages of the inmates the following statement is of interest:—

Registered number of inmates for the year		329
Males	269	
Females	60	
		329
Number of males under 50 years of age, 5 per cent.....	13	
Number of males 50 to 60 years of age, 10 per cent.....	26	
Number of males 60 to 70 years of age, 35 per cent.....	95	
Number of males 70 to 80 years of age, 40 per cent.....	109	
Number of males 80 to 90 years of age, 10 per cent.....	26	
		269
Number of females under 50 years of age, 12½ per cent....	1	
Number of females 50 to 60 years of age, 62½ per cent....	4	
Number of females 60 to 70 years of age, 33½ per cent....	20	
Number of females 70 to 80 years of age, 31½ per cent....	19	
Number of females 80 to 90 years of age, 23½ per cent....	14	
Number of females 90 to 100 years of age, 3½ per cent....	2	
		60
		329

The above table shows that the great majority of inmates are over 60 years (87 per cent.), though there are a few below that age.

OUT-DOOR RELIEF.

1,516 families, including 2,672 children, received assistance during the year, an increase of 191 families over the previous year.

247 of above families were reported from the Medical Health and City Relief Offices, 143 of the number being scarlet fever and diphtheria cases. The large number of contagious disease cases relieved accounts for the increase in number of families assisted during the year.

229 tons of coal, $7\frac{3}{4}$ cords of wood, 6,400 lbs. of groceries, 1,000 large loaves of bread, and 8,345 pints of milk were supplied to these cases.

The total cost of Out-door Relief was \$19,853.11.

WAYFARER'S LODGE.

Those who are assisted by the City are: those who claim the City as their residence, and those from other municipalities. Of the first class, 603, from April 1st, 1910, to April 1st, 1911, were sheltered in the Lodge, and of the other class the number was 716.

With respect to age: of 603 men, a third were 30 years or less; a third were 60 years or over.

Confining our attention to the four winter months (most of the men from outside came to us in those months), more than half were only 30 years or under, and only 11 persons 60 years or over. Total for the four months, 478, of whom 248 were 30 years of age or under.

More than ordinary attention was given to the Lodge during the past year. The improvement and enlargement of the old Casual Ward required much thought and time, all of which is to the decided advantage of the wayfarers who seek shelter therein. The cordial thanks of the Board of Management is hereby tendered to the City Corporation.

THE HOUSE OF INDUSTRY.

As the Managers are often asked what the House is, and what it is doing, the following brief explanatory note is given of its work:

The House of Industry began in 1837, as the result of a public meeting, called by the Mayor, of the citizens of Toronto, under whose control it has been conducted ever since.

Board of Management, 40; Trustees, 15; Managers, 25; Clergy, 16; Laymen, 24. All branches of the Christian Church are represented on the Board, and likewise on its most worthy corps of visitors, by whom the City is so faithfully served.

Many members and ex-members of the City Council give of their time and experience to the efficient management of this, the City's society for the caring of the poor and unfortunate of its people.

The work of home assistance is attended to in a most systematic manner. The aid is given on the report of a competent Visitor. A record is kept of all receiving assistance in the registers of the House, and this is done continuously, thus avoiding pauperizing the

recipients of aid by bringing to bear upon them humane sympathy and the influence of religion.

The number of Visitors is 69. The active co-operation of the Ladies' Relief Society is a valuable aid in the performance of the responsible work, caring for the healthy life of the City.

Bread is distributed from fifteen depots, and groceries from six. The stations are as follows: House of Industry, 87 Elm Street; Henry, corner Portland and Adelaide Streets; Smith, 15 Mansfield Avenue; Wilson, 32 Dundas Street; Bradfield, corner Gladstone Avenue and Dundas Street; Martin, 1,978 Dundas Street (West Toronto Junction); Calverley, 208 Van Horne Avenue; Campbell, 992 Bloor West; Fitzgerald, 182 Christie Street; Martin, 80 Davenport Road; Stotts, 366 King Street East; McKinnon, corner De-Grassi and Gerrard Streets; Sloane, corner Pape Avenue and Gerrard Street; Neill, 1,600 Gerrard Street East; Short, 1,231 Queen Street East.

The assistance given by the House consists in—

1. Inmates (aged men and women certified by known citizens) as worthy of continuous care in the House, where they rest the remainder of their days in comfort.

2. Out-Door Relief—Aid given to worthy poor at their own homes, on report of Visitors, without delay, while looking for work.

3. The homeless poor of the city are sheltered at the House for many nights, and wayfarers outside the City for a few nights during winter. Work test is required from all able to do any kind of work.

The House earnestly asks the assistance of all citizens that the workers in this noble City charity may be able to meet promptly the claims of the deserving poor.

Labor colonies are the full development of the House's insistence on work test.

For information of the work of the past year, friends are referred to the reports of the different Committees, and also of the Treasurer and Superintendent of the House.

The annual New Year's Supper provided by a number of ladies was much enjoyed, as well as several concerts which were given by friends of the House during the year.

Through the kindness of the Toronto City Mission, six women were given a two weeks' outing during the summer season at Bronte. They received every attention and care and the trips were much enjoyed.

The spiritual welfare of the inmates is carefully attended to.

The Superintendent, Mr. A. Laughlen, and wife, and the Matron, Mrs. North, attended to their duties with commendable zeal and fidelity.

The Treasurer's Statement furnishes information as to the receipts and disbursements of the different parts of the work of the charity, and the Superintendent's Report gives the separate details of the cost of each department.

The receipts from all sources amount to \$38,145.96, and the disbursements to \$37,418.16, showing an overdraft at the bank of \$323.54.

We acknowledge with pleasure the hearty co-operation of all classes of church-workers, all classes of our fellow-citizens, in the care and responsibility of the distribution of relief to all who claim it from the Visitors and Officers of the House. Charity will never lose its true character while such men and women guide and control for the whole City the management of this charitable institution.

THE LADIES' ADVISORY COMMITTEE.

The Ladies' Committee, consisting of the following: Mrs. A. J. Broughall, Miss Foy, Miss Carrie Roberts, Mrs. Michie Cowan, and Mrs. Forsyth Grant, Convener, have given services highly valued by the Board during the past year.

All of which is respectfully submitted.

ARCHIBALD MACMURCHY,
Hon. Secretary.

HENRY O'HARA,
Chairman.

Toronto, April 18th, 1911.

SEVENTY-FOURTH ANNUAL REPORT OF THE CASUAL POOR COMMITTEE.

Your Committee have felt for some years that the accommodation in the old buildings for properly doing the work connected with this branch of the House of Industry has been found inadequate for comfort and convenience; however, by bringing this matter to the attention of the Council and the Board of Control, the Mayor and Council have at last furnished us with suitable buildings for our needs, and at the present time we consider there is no other institu-

tion in the province better fitted to do everything necessary for the help and assistance of the casual poor of our City and the stranger within our gates.

There have been some complaints that the labor test was too severe, and after due consideration your Committee could not alter their decision, but felt that to a considerable extent this matter must be left to the Superintendent and those attending to this part of the work in the yard—to make the work no greater than the worker was able to do. The Superintendent and officers of this House will continue to administer and enforce the rules of the House in the interest and welfare of all concerned.

Many thanks are due to the kind friends who contributed of their means for the support and welfare of this Institution.

REPORT OF WAYFARER'S LODGE.

HOMELESS POOR OF TORONTO.

The number that found shelter at the Wayfarer's Lodge during the year, April, 1910, to April, 1911, was 603, the number for the three consecutive years being 560, 592 and 603.

The total number of nights for this class of persons was 8,535, or an average of 14 nights for each person for the year.

The cost of maintenance was \$3,597.42.

POOR FROM OTHER COUNTIES.

The number of men who came from outside of the City and found shelter in the Lodge was 716, the total number for the three consecutive years being 1,444, 980 and 716.

The total number of nights given to this class was 2,410, and the cost of maintenance \$1,028.13. An average of 3 nights' shelter was given to this class.

IMMIGRANTS.

The number of immigrants who found shelter in the Lodge during the year was 93, the number for the three consecutive years being 580, 72 and 93.

The number of nights given to this class was 423, or an average of 4 nights for each person for the year.

Therefore the total number of men sheltered in the Wayfarer's Lodge last year was 1,319; for the three consecutive years the number was 2,584, 1,572 and 1,319.

The number of women who found shelter in the Lodge was 53, and the year before the number was 63. Number of nights' shelter received by women 570.

Hence the total number of persons, men and women, was 1,372, and the total number of nights was 11,515.

The total cost of the Lodge for the year was \$4,625.55. For three consecutive years the cost was \$5,733.40, \$3,300.31, and \$4,625.55.

Those admitted to the Lodge during the winter months receive three meals per day and lodging upon performance of the labor test. During the summer months the wayfarers are limited to two nights per month.

The thanks of the House are due to the City Corporation for the supply of stone for the application of the work test. The quantity of stone broken was 962 3-5 tons.

Casual labor is also available for the citizens who may have work to be done.

All those who have had the management of the Lodge did the work required of them faithfully and satisfactorily.

JOHN FARNCOMB,
Secretary.

JOHN BAIN,
Chairman.

Toronto, April 18th, 1911.

THE REPORT OF THE OUTDOOR RELIEF.

GENTLEMEN,—The year just closing has witnessed special calls upon the House of Industry. To these special features of need responses have been made as promptly as was possible in the circumstances.

There were reported two hundred and forty-five families who were quarantined on account of scarlet fever and diphtheria in the home. To these homes there was sent from the House milk amounting to 8,345 pints; in addition to this, there were groceries in all amounting to \$2,892.11. It was no little satisfaction to your Committee that all these cases were supplied with the requisite helps in such times of need.

We are thankful to report faithful service on the part of the sixty-nine Visitors—the largest number of workers who have ever yet voluntarily given their thought, sympathy and time to the suffering and unfortunate homes in our City. Who can estimate the value of these ministries in one thousand five hundred and sixteen families!

A special meeting of Visitors was held on February the ninth. A large number of points bearing on the work of the Visitors were thoroughly considered.

Special attention was given to more prompt delivery of coal at the various homes, some irregularities having been reported. A committee was appointed to see that in every case the full amount of coal or wood should be delivered in due time.

A very cordial expression of appreciation was unanimously given to Dr. MacMurchy for his many years of faithful and able service in behalf of all parts of the work of the House within and without.

It was decided that in no case should children be sent to the House, and where there is no adult in the home, the case should be specially so reported by the Visitor.

At the close of this interesting and useful meeting, Mr. and Mrs. Laughlen served refreshments to the Visitors.

Never, we humbly think, was the work of this venerable Institution in all its parts more thoroughly and carefully administered than during the past year, and never, we are grateful to state, have the citizens manifested their interest in its operations so cordially and liberally as during the year that has just closed.

The total expenditure for Outdoor Relief for the year 1910-1911 was \$19,853.11.

ANTHONY HART,
Secretary.

ALEX. GILRAY,
Chairman.

Toronto, April 18th, 1911.

ANNUAL REPORT OF THE LADIES' ADVISORY COMMITTEE.

The Ladies' Committee again have the pleasure of presenting their Report to the Board. The Committee has met all the stated times, and are always glad to receive any suggestions which can add

to the comfort and well-being of the women inmates. Owing to the departure of one or two of the women who had been very useful to the Matron in caring for the sick and helpless ones, the Committee has succeeded in getting, with the permission of the Board, a woman helper, who, so far, has been satisfactory in the performance of her duties, and has lightened the incessant care hitherto felt by the Matron and her daughters. Now-a-days the class of old people installed in the House are much more helpless than in former years, and the deaths that do occur are due to the natural failure in health of mind and body in extreme old age. Many are very grateful for the care given, and are glad to see the Visitors and to join in the weekly services of hymns and prayers. In view of the age of many of our women inmates, they do a great deal of work, in renovating, patching, making over any clothing sent in, sewing sheets, towels, aprons, shirts for the men, etc.; and, besides, the whole place is kept most scrupulously clean and fresh. Christmas was a pleasant time of relaxation and good cheer; Mrs. Coles again most kindly donating the large supply of plum puddings for the inmates. The tea provided by some of the lady visitors interested was most successful, and the evening entertainment was greatly enjoyed by all.

There are some things, especially the arrangements for the Women's Casual Ward, that the Committee hope earnestly to see improved; as we all know that the body being surrounded by cleanliness and simple comfort, is sometimes able to influence the mind and will, and thus raise a poor degraded one to even partial respectability. This part of the work is the great puzzle to the Committee as yet unsolved.

The Convener of the Committee on behalf of the Superintendents and Visitors of the Toronto Relief Society wishes to extend most sincere thanks to the Board for the use of the Committee Room for the fortnightly meetings of the T. M. S. from November to April, thus bringing the applicants for outdoor relief at once into touch with the Visitors of the T. M. S., who by constant communication with the Superintendent and Visitors of the House of Industry, can thus prevent any unnecessary overlapping, and supplement where special relief for sick women and children is needed. We find it still most difficult to get many old people to come into the House of Industry, where they would be well taken care of; and when once settled, they are happy and contented and greatly improved in health, bodily and mentally.

The House has been inspected at different times, and the Committee has invariably found order and cleanliness in all parts.

M. FORSYTH GRANT,
Convener.

Toronto, April 18th, 1911.

MEDICAL OFFICERS' REPORT.

Seventeen men and four women have died in the House of Industry during the last year, all succumbing to affections consequent to old age.

Twenty-six inmates acutely ill or requiring operation were removed to the hospitals, while from the hospitals were admitted or readmitted twenty.

From the Asylum and the Home for Incurables were admitted two, and seven were sent to the latter institution.

The attendance at the dispensary was greater than last year, and includes a large number of casuals. Prescriptions put up number 843.

The staff has been called upon to examine a greater number of individuals seeking admission.

The employment of a special attendant in the Women's Ward helps in efficient care of the sick, but not only are there fewer women in the House, but there has been very little attendance needed since the removal of the bed-ridden to the Home for Incurables.

We have to thank the officials for their consideration and hearty support.

HELEN MACMURCHY.
